Wallingford Annual Rowing Regatta Programme and Website Advertising

The annual Wallingford Rowing Regatta is one of the major rowing events in the whole of the UK. This year it is taking place on **Sunday 3 May**.

The regatta attracts competitors and their supporters from all over the south and will be held at Dorney Lake, the site of rowing at the 2012 Olympics. This allows for very exciting 7 lane racing over 200m with 130 races every 5 minutes throughout the day. There will be 2,500 competitors. They come from many of the public schools in the South East, southern rowing clubs, Oxford colleges and universities and the local area. They are supported by at least 3000 spectators over the weekend. It is a fantastic opportunity for businesses to raise their profile with such an audience.

A unique opportunity

The Regatta is offering the opportunity to advertise in the programme and also on the Regatta website.

The programme is an essential item for spectators. It contains:

- a timetable of all races
- the 'draw': showing who is racing who
- a map of the course
- introduction from the Wallingford Regatta Committee
- articles on previous regattas

The Regatta website is used by all competitors prior to the day to gather information, submit their entries and check the draw. Introduced in 2008 was a **results service for mobile phones** which was used in real time by competitors and spectators to get race results shortly after crews crossed the finish line – even before the results were printed!

Act NOW
